ELECTION! ELECTION!

MAYOR'S OFFICE,
CITY OF RALEIGH, March 8, 1869.

In pursuance of a resolution adopted by the Board of Commissioners, notice is hereby given, that an election will be held on the 5th day of April next, at the Court House, in this City, wherein the qualified voters of the City shall express their approval or disapproval of the question whether the City of Raleigh shall borrow Sixty Thousand Dollars in the manner, and for the purposes mentioned in the following act of the General Assembly of North Carolina.

WM. H. HARRISON, Mayor.

AN ACT TO ENABLE THE CITY OF RALEIGH TO BORROW MONEY FOR CERTAIN PURPOSES.

The General Assembly of North Carolina do enact: Section 1. That for the purposes of paying present indebtedness of the City of Raleigh, and also for meeting the expense of improvements to be made for the same, the City be hereby authorized and empowered to issue bonds severally of such name or denomination, payable at such time or times respectively, drawing interest at such rate not exceeding eight per cent. per annum, payable half yearly, of such form and tenor, and transferable in such way as the Board of Commissioners of said City shall deem most judicious. The said bonds so to be issued shall be disposed of upon the best terms practicable. *Provided*, That said bonds be of the denomination of one hundred, and five hundred, and one thousand dollars, respectively, and in such proportion as may be deemed advisable, and *Provided further*, That said loan shall not exceed fifty thousand dollars, and the bonds having twenty years to run.

Sec. 2. That the Board of Commissioners of the City of Raleigh are hereby authorized and empowered, and it shall be their duty, to provide for the payment as well of the principal money as also of the accruing interest of the bonds to be issued under the power granted in the preceding section, by annually laying particular taxes for those special purposes on all the persons and subjects of taxation on which said Board of Commissioners now are or hereafter may be authorized to lay taxes, for any purpose whatever, and such taxes shall be assessed and specially and exclusively applied to the satisfaction and discharging of the interest, and also of the principal money of such bonds, and so much thereof as may not be annually required to pay such interest and cannot be applied in discharge of the principal money of said bonds, shall be so invested as to secure the payment of such principal money upon maturity of said bonds. For the purpose of securing the due investments of the sinking fund to be collected from year to year and applicable to the payment of the principal money of said bonds, the Board of Commissioners aforesaid shall appoint some suitable person to be styled "Commissioner of the Sinking Fund of the City of Raleigh," whose duty shall be, under such general rules and regulations as said Board of Commissioners shall from time to time prescribe, to make investments of so much of the taxes collected as aforesaid as shall be applicable as aforesaid to the payment of the principal money of said bonds, and to do and perform all such other services in connection with the debt of the City of Raleigh as said Board of Commissioners may prescribe, and such Commissioner shall give bond, and receive such compensation for his services as said Board of Commissioners may determine.

Sec. 3. And one of the bonds authorized to be issued by the first section of this Act shall be disposed of either by sale, exchange or otherwise, for any purpose whatever, other than that declared in said section; nor shall any of said bonds be applied either by sale, exchange or otherwise, in satisfaction, discharge or renewal of any one of the sums of debts referred to in said section until such debt shall have been first duly audited and approved by the Board of Commissioners of the City of Raleigh.

Sec. 4. The provisions of this Act shall be submitted to a vote of the qualified voters of the City of Raleigh, at an election to be held at the Court House in said City, at a day to be designated by the Commissioners thereof, which shall not be less than thirty days after the ratification of this Act. Those approving the provisions of this Act shall deposit in the ballot-box a slip ballot containing the printed or written word "Approved." Those disapproving the same shall deposit a like ballot with the words "Not Approved." If a majority shall vote "Approved," it shall be deemed and held that a majority of the qualified voters are in favor of giving the Commissioner authority to issue the bonds of the City as mentioned in this Act, and likewise to levy and collect the necessary taxes to pay the interest and principal of said bonds as above mentioned. If a majority of said voters shall vote "not Approved," then this Act shall be of no effect. Those qualified to vote for Mayor and Commissioners of said City, and none others, shall be allowed to vote, and the election shall be held and returns made under such rules and regulations as exist in case of election of civil officers. It shall be the duty of the Mayor to cause a copy of this Act to be posted at the Court House door, and to be published in the Raleigh *Standard* and *Sentinel*, daily for twenty days preceding the election, and he shall publish in like manner a notice of the election. Public notice shall be given of the result of the election.

Sec. 5. The Commissioners of the City of Raleigh shall have power, consistently with the laws of the State, to provide for the registration of voters, and to take all measures necessary and proper for holding the election as contemplated in this Act.

Sec. 6. This Act shall be in force from and after its ratification.

Ratified this 3d day of March, A. D. 1869.

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the MOST LIBERAL Life Insurance Company in the United States, are:

1st. TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over, without extra premium or special permit.

2d. A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. P. Fackler, now Actuary of this Company, and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

THURSDAY, MARCH 18, 1869.

THE GENERAL ASSEMBLY.

The body which now holds on in the Capitol, y'clept the General Assembly, is *sui generis*. It has made itself *famous* in all time to come, as the *long* Legislature, but not as famous as the Long Parliament, but famous nevertheless for its idleness, its extravagance, its disregard of the people's interest, and especially famous for paying "the hands" $7 a day, to do worse than nothing. No more reckless, incompetent body, has ever assembled in any State in this Union.

It has been in session five months, and over, it has drained the Treasury empty, *for in that period*, has accumulated upon the people of this State an immense debt, while passing perhaps, a single act tending to improve the actual condition of the people. Many of them could not have made $2 per day at home, yet they have lounged about, loafing and idle, eating good dinners, drinking at saloons and doing other unmentionable things, to the detriment of the good morals of the city, and of the pockets of the people, at the rate of $7 per day!! Many of their wives and children need them at home, if they are not greater pests there, than they are to the people.

There are exceptions to this. There are some decent, honest men in the body—men who would, if they could, have done up the business for which they were sent here *forty days ago*, and have gone home, much to the relief of the people of the State, but these men, *however* much inclined to do their duty are hampered by the lazy, or ignorant, or loafing or speculating majority, who will not work for the State, but for themselves at $7 a day to begin with, and as much over in the way of black-mail or speculation as comes in the way.

Some of these gentry seem to have taken up their abode in Raleigh altogether. They have gone to house-keeping. One, we learn, Stevens from Craven, has opened a boarding house and put a fish stall at the market. What interest some of them have in the various shops, saloons and catch-penny concerns about the city, we cannot say, but we should not be surprised if some of them should claim citizenship here and wish to vote in the municipal election in April. We have not heard that any of them have proposed to contract for building the new Market house, but it need not surprise any one to learn, that several of them are putting in as heavy contractors on the new Railroads and the Penitentiary to be built, and find Raleigh to be a good point to feed on the people's expense, to purchase supplies for their hands. During business hours of the Legislature the seats of many of them are vacant, and they can be seen at such times dodging into the saloons, or on the streets looking out for chances of speculation. Whether any of them have sent home a good supply of stationery, ink, pens, penknives and soap for the children, we cannot say, but there is a muss about the excessive amount of articles of this kind, drawn from the office of Secretary of State. Fortunately, for the Public Treasurer, his chest is empty and we hear of nothing to pick up in the office of the Auditor, or Superintendent of Public Buildings.—The latter seems to be out of employment since the Penitentiary swindle blew up and since the public buildings and public lots are no longer to let. When Pilgrim Ashley lets out the contract for school books, which, by the way, will be sufficient to make his office an enormous speculating position, "the hands" will have a chance to send home enough school books for the children to last a good season. Who would not be a North Carolina Legislator on such terms?

But this is not all. We learn that "the hands" have no idea of leaving Raleigh under four years! They have found the Legislature business the best thing they have ever hit upon. It is stated seriously, that the members of the Legislature are concocting and planning a bill and will assert the right of the present body to hold on until August 1871!! We judge there is no mistake about this. Will the people of North Carolina stand this? Is the Republican party of North Carolina satisfied with the conduct of their Legislators? Will that party sustain its representatives in such an attempt to break down and overrun a Constitution they have so recently adopted?—That party has done many strange, wicked things, but this out Herods Herod, and we have no idea the Republican party of the State will submit to it. If there is much meat here to be had, do the fat pigs who have been here at the *trough* so long, think that the lean, lank, mangy pigs at home don't want a chance too? Surely they do, and we call upon the lean and hungry *pigs* at home to get up such a squealing about it, that the fat pigs here will be obliged to let go. The fat pigs here ought to be generous and genteel enough to let the starved pigs at home come and get some of the wash. Don't be so high as to hold on and keep the lean pigs off. If you do, we shall believe that after all, you may feed a pig and pamper him until he gets fat, *but he will be a hog still.*

MASONIC STATISTICS.

FOLLOWING THE STANDARD.

We republish the Stay Law to-day because of an error that was in the copy we printed yesterday. The *Standard* for once is right. We did *follow* its copy and to our serious detriment. But it is nothing strange for any one to fall into grievous error who is unfortunate or wicked enough to *follow* the *Standard*. The people *followed* the *Standard* in secession, and all know the sad results. Booth *followed* the clamoring of the *Standard* for Lincoln's head and all know the melancholy issue. The "hands" have *followed* the *Standard's* plans for rehabilitating the State and making it blossom like a rose, and all know the mountains of debt that have been piled upon the people's backs until they are broken in the effort to bear the tremendous burden. The Legislature *followed* the *Standard* in regard to the Penitentiary and the end is the hugest and most bare-faced swindle of the times. The *moral* is, then, that to *follow* the *Standard* in any thing is to run into error and trouble. *We followed* the *Standard* yesterday only in the simple matter of copying the Stay Law, and the result is, we have to republish it in to-day's issue, and to make this explanation. A burnt child dreads fire, so the old adage runs, and we will be careful hereafter how we *follow* the *Standard*. Its mistakes are so glaring and frequent that we must take better copy or be more watchful.

The *fact* is, our Reporter for the Senate, had prepared carefully a true copy of the Act, and to guard against error, had read it over in connection with Mr. Beeman. We used the *Standard's* copy, (much to our sorrow,) because young compositors can set type faster and more accurately from printed copy than from manuscript. But following the *Standard* we perpetrated the error which to-day we correct.

IPECACUANHA.

A respectable colored man informs us, that the carpet-bagger Secretary of State, Dr. Menninger, has carpeting on his parlor floor, that was bought by the State for the rooms of the Capitol.

A white Radical says, that 17,000 dollars have been expended for stationery, besides the $1,500 worth of stationery that was on hand when this man from foreign parts came into office. In other words, the average in stationery charged for each hand is $100, when in truth some of them have received none. Galloway, colored, and leader of his party, said he had furnished his own stationery. Other members say they have not received stationery to the amount of five dollars.

A colored citizen has called on us on several occasions and asked us to publish the fact about the carpet, and another fact, viz: that this new friend of the negro had been guilty of great cruelty to a little negro child, who, without leave, took a bit of cake. Dr. Menninger gave the little darkey "ipecac," to make her cast it up. The colored man thinks the Legislature should give the Dr. "ipecac" to make him throw up the carpet.

HURRAH FOR ASHLEY!

The Cape Cod Pilgrim, known as Superintendent of Public Instruction, lays "a *few facts*" before the public through the columns of the *Standard*. The facts are, 1st, that the University opened on the 3rd. inst. with *three* students. Fact 2nd., that in thirteen days the number had increased to *eight*. (Very good, indeed, Pilgrim! If the ratio of increase should continue, by the end of the session, there would be at least forty students matriculated.) Fact 3rd. two more were in readiness. (Excellent! Very encouraging!) Fact 4th. the Pilgrim feels "warranted, therefore, in reporting *ten* students." Not so fast, Pilgrim, two are only "in readiness." You know *one* has left, so "don't count your chickens" Pilgrim before they are fairly gathered in. Fact 5th. there are candidates still awaiting admission. Fact 6 h. "The University is putting on new strength." Evidently so; it has eight students after fifteen days labor. You know the old Latin axiom, *"Mens &c."*

HOW THEY MANAGE IT.

The New York *World*, in an article upon the way a certain "clique" manage to extort money from those who are suspected of violating the revenue laws, remarks:

"Something of the clique's ramifications and system of working may be gathered from the fact that, when interested assessors and collectors in different quarters detect a heavy case of fraud, all offers of settlement are rejected, obstacles to compromise are set up, the matter is kept open until the party is induced to place his case in the hands of the lawyer-accomplice, whom he is assured has the influence with the Commissioner necessary to settle it on favorable terms, and then all becomes smooth sailing, obstructions disappear, and the case is closed upon his paying a sum of money, half of which usually goes to the government, the rest to the clique. The detailed manner in which such a transaction is carried through from beginning to end is creditable to the knavish skill of those conducting it."

Does this description apply in North Carolina? Who knows? Our columns are open for any exposure of rascality, whether in the shape of fraud or black mail. If any wrong has been done, let honest men expose the iniquity.

SEEKING OFFICE.

"General Butler, on Saturday, introduced to Secretary Boutwell a colored man from New Orleans named Joubert, and recommended him for appointment as assessor of internal revenue in that city. Joubert said he did not desire the office from pecuniary considerations, but merely to test the disposition of the party in power as to the rights of his race."

We think Joubert is right. The colored people are as much entitled *theoretically* to hold office, according to Radicalism, as any one; then why not *practically*? We hope our North Carolina colored men, like this one from New Orleans, "will test the disposition of the party in power as to the rights of the race." Let them run for office whenever they can beat a carpet bagger or a scalawag. Why should not Galloway or Henry Eppes or our old friend Uncle Coffee Mayo, go to Congress as well as Dewease, or Hanton, or French, or any of that stripe?

Legislature of North Carolina.

HOUSE OF REPRESENTATIVES.

NIGHT SESSION.

RALEIGH, March 17, 1869.

House called to order at 7½ o'clock.

SPECIAL ORDER.

The following resolution introduced by Mr. Argo, to-wit:

1st. That the Senators and Representatives in the Congress of the United States from this State, be and hereby requested to favor any measure that has for its object the speedy removal of political disabilities from citizens of this State, and to restore all their rights and privileges of citizenship.

2nd. That the Secretary of State be requested to forward to each of said Senators and Representatives a copy of these resolutions.

Mr. French moved to refer to a Special Committee of three.

Mr. Argo said he hoped the motion would not prevail. He thought the House as well prepared to vote to-night as at any time. He wished to get an expression of opinion by the House in regard to this question of removing disabilities.

Mr. Candler said he opposed any postponement. He thought the time had come for this House to pass just such a resolution and he thought it the duty of the House to pass it now.

Messrs. Leary, colored, and Cawthorn, colored, concurred with Mr. Candler.

Hudgins, colored, thought it dangerous to remove the disabilities from the *mass* of the people. He thought Congress would move in the matter at the proper time. He was sure there was wisdom, prudence and economy enough in that body (Congress) to manage the matter without interference of this Legislature.

Cuffee Mayo, colored, and Mr. Renfrow both opposed the resolution and wished it referred.

Mr. Hodgin moved to lay the resolution on the table.

The House refused to table by the following ballot:

YEAS.—Messrs. Ashworth, Banner, Blair, Carson, Carey, Dixon, Estes, Forkner, Franklin, French, Gahagan, Graham, Gunter, Hodgin, Hoffman, Horney, Hudgins, Justice, of Rutherford, Laflin, Mayo, McCanless, Parker, Pearson, Peck, Ragland, Rea, Renfrow, Robbins, Reynolds, Siegrist, Stilley, Vest, Waldrop, and White.—34.

NAYS.—Messrs. Allison, Ames, Argo, Armstrong, Beddie, Candler, Cawthorn, Claton, Davis, Davidson, Durham, Farrow, Forebes, Gibson, Gilbert, Green, Harris, of Franklin, Hendricks, High, Hinnent, Hodnett, Humphries, Ingram, Jarvis, Johns, of Henderson, Kelley, of Davie, Leary, Long, of Chatham, Long, of Richmond, McMillan, Moore, of Alamance, Nicholson, Painter, Pou, Price, Proffit, Robinson, Shaver, Smith, of Alleghany, Smith of Wayne, Sweet, Thompson, Vestal, Whitley, Williams, of Hainett, Williams, of Sampson, Williamson, and Wilson.—48.

Mr. Pou offered the following amendment in the shape of a preamble:

WHEREAS, In the opinion of this General Assembly, the time has now arrived when equality before the law may, with safety, be established among all men in North Carolina, therefore, &c.

G. W. Price, colored, took the floor and argued for some time in favor of the resolution.

Mr. Ingram said there were gentlemen who were now called Democrats who were as good Union men as any man on this floor, yet were now, according to some gentlemen, to be considered as out-lawed and out casts, &c. He would denounce such a vindictive spirit, regardless of what some gentlemen might say. He said, further, that the great portion of the respectability of this Legislature was due to Conservatives and some noble hearted Republicans. He would vote for the resolution heart and soul.

Mr. Justice, of Rutherford, said there were men in North Carolina who should never have their disabilities removed until the clods fell upon their coffins" &c.

There were men who still entertained treasonable sentiments against the Government,—the public Journals and the public speeches proved it &c.

He hoped the resolution would be referred, and be consigned to that merited oblivion which thirty other resolutions of a similar character have met.

Mr. Ellington supported the resolution and was opposed to any reference. Until all men in this State were on a equality *before* the law and enjoyed all the rights of citizenship, the declaration that this was a *bona fide* Republic is false. He wished the Republican party when it cried out "Liberty" "Liberty," to do it for something more than a song. He did not wish free men to fall on their knees before him, clothe themselves in sack-cloth and ashes and lick the dust on which he stood, before he would lend his influence towards removing their disabilities. He did not blame those men for not so humiliating themselves, he would not do it &c.

Mr. Parker was not prepared to vote for the resolution, now.

Mr. French said he had made the motion to refer in order to make a discrimination. He was in favor of relieving those, who, "accepted the situation."

Mr. Procter was opposed to the resolution in toto. He would never vote for an indiscriminate removal of disabilities, so help him God. He was surprised that colored men on the floor should vote for the measure. He would warn them that if the Democrats got into power, they would enact the scene that took place in Georgia &c.

MR. SINCLAIR OPPOSED THE RESOLUTION.

J. W. Leary, colored, said he could appreciate the principles of this resolution.—He, by the magnanimity of the Congress and the people, had been relieved from a heavy burden indeed, and therefore he could appreciate the spirit of the resolution and was prepared to vote for it. They might call him "weak kneed" but he could claim consistency, as he did not one day introduce here a resolution and the next day vote against one of the same character, as did some gentlemen on this floor (alluding to Mr. Sinclair.) He was sorry to see that the gentleman from Rutherford (Mr. Justice) had grown so excited over the matter. That gentleman had not discussed the theory and principles of government, but had simply indulged in a tirade of abuse of individuals for their political thinking, &c.

Cuffie Mayo, colored, moved to postpone the resolution until the third Monday in November next.

Mr. Jarvis said that it was stated that this was no time to pass this resolution.—That might be. But it was time to cease to speak of the war and those engaged in it. It had been four years since the Confederate looked upon his foe, Confederate and Federal sleep side by side, their ashes co-mingle, and the grass grows over their graves, on a thousand fields. Can't we forget those past differences and go forward hand in hand to build up a great country. Who were the majority of the men laboring under political disabilities? Why they are the very men who in 1860 and '61 stood firmly by and battled bravely for the Union until hurried into the war by a whirlpool of excitement. They had held some petty office of magistrate, constable, &c., and had probably given comfort in some way to the war. The men who fought the war out had never been under disabilities and had never held any kind of office previous to its breaking out, therefore, not affected by laws imposing disabilities. Do you gentlemen who established this government, wish the people of the State to love both the governments of the State and United States, or do you, by a proscriptive policy, seek to alienate them. Must the men, who North Carolina in days gone by delighted to honor, be sentenced forever to be debarred of the rights and privileges of freemen and citizens. The true and correct policy of a wise government is to have its best, purest and wisest men in places of known trust and profit, yet, the most honorable men, possessing the highest order of talent are incapable of holding the lowest and most insignificent office. Can you reasonably expect men thus stigmatized and degraded to love and honor the government whose laws place in that position. If North Carolina was called upon to point out her jewels, like the mother of the Gracchi, she would point to her children.

He did not think the resolution would accomplish anything, but it had to be voted upon one way or the other. By refusing to adopt it you allow the declaration to go out that a large portion of our best citizens are unworthy and unfit to be trusted with the privileges of citizenship. Pass it and you take a step in the right direction towards consigning to a merited oblivion all recollections of the past differences, and to heal the discords and dissensions that have torn our country.

The passage of this resolution will not put any one in office. It will remain for the people to do that, and if a man is so popular and deserving that the people will elect him to office, is it right to legislate to keep him out of it. Then let us forget the past, clear away the last vestige of the war, and unite in repairing our waste places.

Mr. Durham said, last summer the gentleman from Robeson, (Mr. Sinclair,) had out-Heroded Herod, in his efforts to get the House to adopt a similar resolution. He (Sinclair) was far more active in such measures than he (Mr. Durham) was, for he (Mr. D.) did not, at that time, think it would accomplish any good. In fact, the gentleman had introduced resolutions, similar to this one, at the early part of this session, but, now, he has thrown a somersault and is strenuous in his opposition to this measure. He (Mr. Durham) would feel and express some surprise at such bare-face and ridiculous inconsistency, if he did not know the gentleman's character so well. The gentleman from Robeson is, no doubt, screwed, at times, in his tactics, but this time the motives that influence him are too apparent and plain to be concealed. He (Mr. Durham) would advise the gentleman, instead of taking the trouble of drawing up resolutions laudatory of President Grant, and endeavoring to have counties named Grant, &c., to ask the House, at once and plainly, to pass a resolution recommending him (Mr. Sinclair) to be appointed to the office he was begging for.—That is the reason why the gentleman wished so much to have the laudatory resolutions passed, and why he advocated, zealously, the erection of "Grant county." A blind man might see it.

He (Mr. Durham) did not care whether the resolution passed or not, but he liked to see a man decently consistent one way or the other. What did the gentleman from New Hanover (Mr. French) mean by saying he was willing to relieve those who "accepted the situation." If it meant that a man had to discard his own conscientious convictions and accept Radical doctrine as gospel, before his disabilities could be removed, then he would say he would scorn, and hold in utter contempt those who in that sense "accepted the situation." If that was the test of loyalty, then, he was in truth and spirit disloyal. He thought it his duty to say in behalf of that portion of the citizens of Cleaveland county who he represented on this floor, that if there was one among them so base degraded and lost to all honorable instincts as to thus meanly and servilely barter away his rights and liberties, he did not desire to receive his vote. He would scorn to receive the suffrage of a man who could thus play the part of a crouching, crawling spaniel.

Mr. Argo next took the floor in opposition to both the motion to postpone and refer. Mr. A. continued for some time in defence of his resolution and gave at length his reasons why he introduced it. (Mr. Argo's remarks will be published in full hereafter.)

After some further debate, Mr. Argo called the previous question.

The call being sustained the question recurred upon the motion to postpone until the third Monday in November next. The yeas and nays were called and the motion was lost by a vote of yeas 38, nays 48.

Mr. French's motion to refer to a Special Committee of three, was put to a vote and adopted, yeas 44, nays 42.

On motion the House then adjourned.

SENATE.

THURSDAY, March 18, 1869.

Mr. Smith, from the Committee on Propositions and Grievances, reported back several bills, which were placed on the calendar.

The Committee to whom was referred the disorderly conduct of yesterday, made the following report:

1. Preamble, setting forth the facts as they occurred.

2. Resolution censuring" both Messrs. Moore and Love.

3. Resolution imposing additional censure on Mr. Love.

Mr. Robbins stated, that the well known relation existing between the two gentlemen, made the calling to order, on the part of Mr. Moore, offensive. He was not willing to discriminate between the gentlemen. He moved, therefore, to strike out the 2nd. resolution.

Mr. Osborne, said, as an individual he concurred with Mr. Robbins, that the Senator from Carteret was provoking, in calling Mr. Love to order, under the circumstances stated by Mr. Robbins; but, setting upon this matter as a Court, he was compelled to take a different view of the case. The language of Mr. Love, was insulting—the remarks of Mr. Moore improper, the reprimander of Mr. Love equally improper—Mr. Love was the aggressor, &c., and therefore more censurable.

Mr. Love asked to be heard, and said—he had no slavish or servile acknowledgements to make. He would however offer any apology to the Senate, that one gentleman should make to another. He desired merely to say, that on yesterday, when he took the floor that he had no thought of alluding to the Senator from Carteret,—Senators were present, whom he (Mr. Love) had told recently, that he would not, in future notice the Senator named. That when on the floor, he had been called to order by the gentleman, as he felt in a rather gruff way, and that this drew the fire to a point, not intended, and that he had been unduly provoked and thrown off his guard. If he had transgressed, it was not by intention, or with design to offend the Senate, or violate its rules.

The question then recurring on the motion to strike out the second resolution, resulted, yeas 11, nays 31.

The resolutions were then adopted, yeas 30, nays 11.

Several bills were received from the House, which were read the first time and placed on the calendar.

Bill in regard to proceedings before magistrates, was, under a suspension of the rules, read a second time and passed.

The bill was then read a third time by sections.

And, on each section, except the 1st, the previous question was called, which cut off all debate or Amendments—and so, the bill was passed its third reading.

Mr. Davis then moved that ten copies be printed for each Senator.

Messrs. Lindsay and White characterized the bill as a cheat and a swindle, and was therefore opposed to printing it and sending it to the people.

The motion to print prevailed.

Mr. Cook introduced a bill to incorporate a Bureau of Immigration, &c.

And on his motion was made the special order for Monday next, 12 o'clock.

Mr. White gave notice of a bill for the relief of creditors.

Mr. Osborne: Of a bill, for the relief of executors, &c.

Mr. Sweet introduced a bill to alter the time for holding the terms of the Court in the 3rd Judicial District.

Leave of absence was granted Mr. Murphy.

Mr. Martindale introduced a bill to incorporate the North Carolina Immigration and Land Company.

Mr. Welker gave notice of a bill to repeal section 6, chapter 45, Revised Code.

Bill to incorporate the North Carolina Central Railroad, read first time.

Mr. Hayes introduced a bill to incorporate the Robeson county Agricultural Society.

Mr. Beall introduced a bill to prevent the sale of liquors within five miles of Rutherford Seminary.

The revenue bill was taken up and considered till the hour of adjournment.

IMPORTANT TO MILL OWNERS.

IN ORDER to accommodate the Milling public with "GODWIN'S PATENT VENTILATOR AND BOLTING CLOTH CLEANER," the undersigned has reduced the price of his Smut Machines to $75. The two will be combined. This important invention guards against damp wheat and damp weather, thoroughly cleaning the Cloth each revolution the Reel makes, and bluing the Reel a fine time with cold air. Send back your old Machine and have them renewed thereby saving the price of a new machine. They will be returned and warranted for four years. In no case buy a Smut Machine without writing to me first as there are Machines now being sold as McMannes's Smut Machines which are only an imitation.

Ayer's Sarsaparilla,
FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are of a truly marvellous character. Inveterate cases of Scrofula, where the system seemed utterly given up to corruption, have yielded to this compound of unfortunate virtues. Disorders of a scrofulous type, and affections which are merely aggravated by the presence of scrofulous matter, have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develops itself into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver. These facts make the occasional use of the *Sarsaparilla* as a preventive, advisable.

It is a mistake to suppose that so long as no eruptions or humors appear, there must be no scrofulous taint. These forms of derangement may never occur, and yet the vital forces of the body be undermined by its subtle agency, as materially to impair the health and shorten the duration of life. It is a common error, also, that scrofula is strictly hereditary. It does, indeed, descend from parent to child, but is also engendered in persons born of pure blood. Low living, indigestion, foul air, licentious habits, uncleanliness, and the depressing vices generally, produce it. Weakly constitutions, where not fortified by the most constant and judicious care, are peculiarly liable to it. Yet the robust, also, whose turbid blood swells the veins with an apparently exuberant vitality, are often constitutionally and on the road to its consequences. Indeed, no class or condition can depend on immunity from it, nor feel insensible to the importance of an effectual remedy.

In *St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes and Ears*, and other eruptive or visible forms of the diseases caused primarily by the scrofulous infection, the *Sarsaparilla* is so sufficient as to be indispensable. And in the more concealed forms, as in *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia*, and other affections of the muscular and nervous systems, the *Sarsaparilla*, through its purifying power, removes the cause of the disorder and produces astonishing cures.

The sarsaparilla root of the tropics does not by itself achieve these results. It is aided by the extracts combined with it, of still greater power. So potent is this union of healing virtues, *Syphilis or Venereal* and *Mercurial Diseases* are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. *Leucorrhœa or Whites, Uterine Ulcerations*, and *Female Diseases* in general, are commonly soon relieved and ultimately cured by the invigorating and purifying effect of our *Sarsaparilla*. *Rheumatism and Gout*, often dependent on the accumulations of extraneous matters in the blood, have their remedy also in this medicine. For *Liver Complaints*, torpidity, inflammation, abscess, etc., caused by rankling poisons in the blood, we unhesitatingly recommend the *Sarsaparilla*.

This medicine restores health and vigor where no sensible disease can be distinguished. Its reanimative power is soon felt by those who are *Languid, Listless, Despondent, Sleepless*, and filled with *Nervous Apprehensions or Fears*, or who are troubled with any other of those affections symptomatic of weakness. Many, after taking it for *General Debility*, have written us of the youthful vigor imparted to their nervous system, which seemed buoyant with that prolific life they thought had departed on the advance of age. Others, whose functions of life were always sterile, acknowledge their obligations to it for an obvious change.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the *AGUE CURE* daily.

For *Liver Complaints*, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

LIFE INSURANCE.

ALL CASH PLAN OF THE

ÆTNA

LIFE INSURANCE COMPANY,

OF HARTFORD, CONN.

W. H. CROW, General Agent for North Carolina and Virginia, South of the James.

Accumulated Capital, over $10,000,00
Annual Income, 6,000,000
Surplus, above Liabilities, 2,000,000

THE ÆTNA

Has $126 Assets for every $100 Liabilities.

ALL POLICIES STRICTLY NON-FORFEITING.

CASH RATES!
CASH POLICIES!
CASH DIVIDENDS!

DIVIDENDS PAID ANNUALLY, COMMENCING AT THE END OF THE YEAR.

Dividends may be used to reduce the annual Premium, or increase the Cash value of the Policy.

NON-FORFEITING CASH PLAN.

The Ætna issues Policies on the various forms of whole life and endowment insurance, with dividends on the contribution plan, which may be applied to the reduction of each annual premium after the first, or the full premium may be paid each year and the dividends applied to reduce the number of annual premiums, together with the period fixed for the maturity of the insurance, so that endowments can be paid to the insured before the time originally specified, and life policies before death.

By this plan of applying the dividends to lessen the cost of the insurance on the original policy, instead of increasing the amount of insurance, and of course its total cost, and the policies will become self-sustaining much sooner than in other companies; and in case of inability to continue payments, give a larger paid-up-policy.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid in cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiary advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

The New York *Insurance Monitor* says of the ÆTNA:

"No Life Insurance Company ever achieved so complete a success as this popular institution.—Its popularity is altogether unprecedented in the annals of commercial enterprise in this country."

SYNOPSIS OF STATEMENT FOR 1869, OF THE CONNECTICUT MUTUAL LIFE INSURANCE COMPANY.

Income from Premiums,	$7 161,256 41
Income from Interest,	1,264,902 48
Total Income for the year,	8,746,259 89
Losses paid,	1 281,688 00
Dividends paid,	926,284 00
Total Losses paid to date,	5,089,983 00
Total Dividends paid to date,	2,197,3 8 00

It will be seen from the above that the INCOME FROM INTEREST ALONE greatly exceeds the losses, and that the TOTAL INCOME FOR ONE YEAR is more than the TOTAL LOSSES PAID TO DATE.

The Assets of the Company are now over TWENTY-THREE MILLIONS OF DOLLARS, and with its IMMENSE INCOME offers greater inducements to those insuring than any other Company in the country. In addition to the peri-odical system of premiums with dividends annually payable after four years, it issues Policies upon a reduced all-cash premium, with immediate ANNUAL DIVIDENDS. It can be plainly seen that the Connecticut Mutual Life has been doing a safe and increasing business for the last twenty-two years. It does not deem it necessary to make grand promises of what they INTEND doing, but will invite persons on any plan most desirable, and in a table all its policies non-forfeitable, for a stated amount, after two or three payments. Also remember, this Company has $154 Assets securely invested, for every $100 of its Liabilities.

THE WHITE FAWN.—Whitman's celebrated Troupe will present to-night, in Tucker Hall, the grand gorgeous spectacular play of the White Fawn. It is amazing, almost, that the enterprising Proprietor should be able to present this renowned representation on a scale of such magnificence on Provincial boards, and it has been both the wonder, admiration and delight of all who have witnessed it. The Press are unanimous in their glowing commendation of its scenic brilliancy and beauty.

Nothing like this exhibition, in expensiveness and artistic effect, has ever visited Raleigh before, it is said.

As the spacious Hall will be crowded to night, it will be well to *go early* in order to secure good seats. P.

MESSRS. DOBBIN AND FRANCIS are excellent workmen, and are prepared to manufacture the very best boots and shoes. They have added a specialty to their establishment, to-wit, the manufacture of the finest ladies shoes at the lowest price, quality considered. They guarantee to equal the rest.

DR. WRIGHT.—The trial of this person commenced yesterday before Commissioner Porter, of this city. We forbear at present to give the facts, or to make any special comments upon the testimony. From what we have heard, we think his friend General Bennett has got him into trouble.

THE Editor of the *Biblical Recorder* says that Tar River at Louisburg "is about the size of the Cydnus!" We thank him for the information. But neighbor, how large is that?

JUDGE RODMAN.—A petition is circulating among the friends of this gentleman recommending him as a highly suitable person for the Supreme Court of the United States. Rumor says some seventy names or more, have been already signed. Where is Judge Pearson? Everybody knows he has more erudition than Judge Rodman, and why do not his friends petition too?

THE North Carolina Mutual Home Insurance Company comes before our people with peculiar claims. Its officers are citizens of Raleigh, and are too well and favorably known to require an introduction from us. The President, Maj. J. H. Foote, formerly a Professor at Wake Forest College, and an officer in the Confederate army, is extensively known in Central and Western North Carolina. The Vice President, Rev. W. E. Pell, has the esteem not only of our own citizens, but of the people throughout the State. The Secretary, Maj. Seaton Gales, a worthy descendant of a family as favorably known as any in our State, is a gentleman of integrity and talents. The Treasurer Mr. R. H. Battle, has a large acquaintance with the operations of Insurance Companies. The Directors are gentlemen of the highest character also. This Company, so admirably officered, deserves the confidence and patronage of the public. It offers simple and certain protection against loss by fire, and upon terms as liberal to the insurer as the best companies in the land. Organized only a few months it is already doing a good business, which is increasing rapidly. Their office is next door to the National Bank. The General Travelling Agents, are Gen. R B. Vance and Thos. Thompson, Esq.

STATE NEWS.

Dr. Wm. C. Tate a worthy citizen of Morganton, died on Thursday last.

The dwelling and kitchen of Mr. John Watson, near Jonesboro' in Moore county, were burned last Friday. The fire was caused by a cat who had taken fire running under a pile of cotton.

The gallant Col. Lee W. McAfee, of Shelby county, was married at Yorkville, S. C., on Thursday last, to a daughter of the late Hon. Geo. W. Williams.

THE HANLON VELOCIPEDE.—So hurriedly written was our notice of the Hanlons in yesterday's issue, that we neglected to pay the proper attention to the wonderful velocipedes, the eighth wonder of the world.—They were exhibited on the streets yesterday, and large crowds followed them as they bore their skillful riders with rapidity to all parts of the city. The simplicity of these machines, added to the ingenuity, is really striking and the Hanlon Velocipede is reputed among the best that is made.—*Star.*

GOVERNMENT SEIZURE OF A STEAMER.—The steamer Halcyon was prevented from making her regular trip from this city to Fayetteville Monday afternoon, having been seized by the Collector of the port for a violation of section 2 of the act of Congress, passed July 7th, 1838. This act provides that steamboats carrying passengers and freight shall obtain a license from the government, after submitting to due inspection, which it seems the Halcyon had not. The penalty for the violation of the provisions of this act is a fine of $500, one-half of which is to go to the informer and the other half to the government.—*Wil. Jour.*

A SPECIMEN BRICK.

In the Senate, on Tuesday, action was taken on the House resolution to raise a Joint Committee of three,—two on the part of the House, and one on the part of the Senate,—to investigate the affairs of the Albermarle and Chesapeake Canal Company. Some of the carpet baggers, in the Senate, preferred *fees* instead of three. Hayes moved to amend by inserting *fee*. This was a nice job. The *per diem* was to be four dollars, and the Committee would make a good thing of it. But Mr. Love, Democrat, scotched the "varment." It was the business of Cebe Harris, the scallawag Superintendent of Public Works, to do the work. It belonged to him, for he was paid to do it—to perform just such service, and there was no need of appointing five others, at four dollars a day—making $20 a day—to do his work. A compromise was finally affected. Eppes, colored, of Halifax, (a well behaved negro,) moved that the Committee be composed of *two*, one from each House, instead of five, as proposed by Hayes, with Cebe Harris. Now all looks well. Rads will of course be appointed, and Cebe, in addition to his regular pay, will get $4 a day extra. But, alas,

"The best laid schemes of mice and men
Gang aft agley ——."

Mr. Robbins spoils the whole arrangement, nice as it is, and prevents the Superintendent of Public Works from getting $4 per day extra for simply doing his duty.—So there is no *per diem* for Cebe.

It is due to Mr. Respass to say that he was opposed to the raising of such a Committee. One man could do the work, could make the necessary investigation, and the Superintendent of Public Works was the proper person.

We have taken the trouble to go over these points, that our readers may specially note how an attempt is made to create offices for the faithful, whenever an opportunity occurs, and that, too, when the Treasury is empty, quoth the *Standard*, and the State is nearly ruined for all time.

AGRICULTURE IN FRANKLIN.

LOUISBURG, N. C., March 12, 1869.

Editor of the Sentinel—

DEAR SIR:—Seeing that you are alive to the agricultural interests of the State, I send you the following information from Franklin.

Half a century ago, the farmers of this State cultivated principally virgin soil; or such at least, as was but little exhausted. At that time it required but little knowledge, experience or scientific research, to cultivate these lands, and to reap rich harvests every year. Had our lands been cultivated from that time until now, as they are beginning to be now, and will be hereafter, there would be no fields grown up in broom-sedge, no gullies in our fields, looking like half completed Rail-roads, nor any red clay yards upon our hill-sides, marring the beauty of God's creation. Heretofore the practice has been to exhaust, to consume. Now we must replenish, restore. We owe the earth a great debt of interest as well as principal, for our fathers unwisely borrowed large sums from her, without ever paying the annual interest. Many of us inherit acres that would have been specie paying but for this reckless policy. We must begin to pay the interest, or our drafts will never be honored. The earth is a lenient creditor, and if we show a willingness to refund our indebtedness, she will offer us every assistance. We cannot now afford to be such farmers as have given the character of Rip Van Winkle to our State.

There are mines of wealth, not only of minerals, but of cereals, hidden in our soil. Enlightened cultivation must transfer them to our barns and gins. But I have digressed. On the 9th instant, the Franklin County Agricultural Society met in Louisburg. Major D. S. Hill, Chairman of a Committee previously appointed, reported a Constitution and By-Laws, which were unanimously adopted, and the following gentlemen elected officers for twelve months: Dr. E. A. Crudup, President; Maj. D. S. Hill, 1st. Vice President, Col. W. F. Green, 2nd Vice President; Dr. W. C. Lankford, Recording Secretary, and M. S. Davis, Esq., Treasurer. The following were appointed an Executive Committee: Maj. D. S. Hill, Jos. J. Davis, Esq., C. H. Thomas, Esq., W. H. Mitchell, Esq., Dr. W. C. Lankford, M. S. Davis, Esq., and Col. W. F. Green.

The Society meets on the 1st. Saturday in each month. Its friends are very sanguine of success. Their aim is agricultural improvement, and they desire that every man who engages in tilling the soil should do so in the most profitable, as well as pleasant, manner, and they wish to see every farm look like a *white* man's farm.

May the Society be the means of doing much good. W. C. L.

Important business will be transacted in the way of promoting Immigration and improving the material condition of North Carolina. Appropriate addresses may be expected from prominent gentlemen specially invited to entertain the meeting. The meeting will no doubt be large, and the occasion interesting. The Wilmington and Weldon Rail road, will issue *free tickets* going and returning, to those going over the road expressly to the meeting. AN ACT SUSPENDING THE CODE OF CIVIL PROCEEDURE IN CERTAIN CASES.

SECTION 1. *The General Assembly of North Carolina do enact*, That all civil actions shall be commenced by the issuing of a summons.

SEC. 2. The summons shall run in the name of the State, be signed by the Clerk of the Superior Court of the county having jurisdiction to try the action, and under the seal of the Court, and shall be directed to the Sheriff of the county in which the defendant resides or may be found. It shall be returnable to the regular term of the Superior Court of the county where the plaintiffs, or one or more of them, or the defendants reside, and shall command the Sheriff, or other proper officer, to summons the defendants to appear at the next ensuing term of the Superior Court and answer the complaint of the plaintiff, and shall be dated on the day of its issue.

SEC. 3. The officer to whom the summons is addressed, shall note on it the day of its delivery to him, and shall execute it at least ten days before the beginning of the term to which it shall be returnable, and shall return it on the first day of the term.

SEC. 4. The plaintiff shall file his complaint in the Clerk's office on or before the third day of the term to which the action is brought, otherwise the suit shall, on motion, be dismissed by the Court at the cost of the plaintiff.

SEC. 5. The defendant shall appear and demur, plead or answer at the same term to which the summons shall be returnable, otherwise the plaintiff may have judgment by default, as is now allowed by law.

SEC. 6. The plaintiff shall join in the demurrer or reply to the answer at the same term at which such demurrer or answer may be filed, the issues whether of law or of fact shall stand for trial at the next term succeeding the term at which the pleadings are completed.

SEC. 7. That all writs of summon in civil actions now in the hands of the Sheriff or Clerk shall be returned by said officers to the next term of the Superior Court, and such writs, together with all writs of summons in civil actions heretofore returned in which no final judgment has been rendered, shall be placed by the Clerk on the docket of the Superior Court at the next ensuing term, and the pleadings in such actions shall be conducted according to the rules prescribed in this act. *Provided*, That all civil actions in which issues have been joined shall stand for trial at Spring term, 1869. *Provided further*, that issues of law or fact which have been joined in pursuance of laws and ordinances heretofore passed and known as "Stay laws" shall be considered as having been illegally joined, and all such actions shall be placed upon the appearance dockets at Spring term, 1869, by the Clerks of Superior Courts, and the pleadings therein shall be made up and issues joined at such term as provided in this act, unless in any county the time of said term shall have passed, in which case such action shall be placed upon the trial docket at Fall term, 1869.

SEC. 8. No sale of any property, real or personal, under executions issued from any Court in this State, shall be valid to pass title, unless the property, whether real or personal, shall bring three fourths of the value thereof, and on return of such executions the sheriff or other officer shall make return of the amount bid for the same, and whether the amount was equal to three-fourths of such value.

SEC. 9. In order to ascertain the value of the property exposed to sale, under the preceding section, it shall be the duty of the creditor and debtor each to choose one appraiser, who shall be a citizen of the county in which the property is situated, to examine and apprise the property to be exposed to sale under execution and shall certify such appraisement to the sheriff or other officer; and in case such appraisers shall not be able to agree upon the valuation of any property, they shall choose a third person, and the appraisement of the three or a majority of them shall be taken as the true value thereof, and in case either party fail to make the choice, the sheriff shall make the selections for him or them. Such appraisement, certified as before directed, shall be returned by the sheriff with the execution to the Court from which it issued: *Provided*, That no proceedings under this section shall prejudice the lien of any creditor, or discharge the Sheriff from any liability for the safe keeping of such property.

SEC. 10. That no property shall be sold under any deed of trust or mortgage, until the debts secured in said deed of trust or mortgage, are reduced to judgments according to the provisions of this act.

SEC. 11. All executions shall be tested as of the term next before the day on which they issue, and shall be returnable to the term of the court next after that from which they bear test: *Provided*, That no sale of property, under execution obtained at fall term, 1869, shall be made until thirty days before spring term, 1870.

CHARLES' LONDON CORDIAL GIN, Or Pure Liquor of Juniper Berries.

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN

is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which renders it invaluable to persons suffering from GRAVEL, DIABETES INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled, as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,

OF THE

UNITED STATES OF AMERICA,

WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,

$1,000,000,

PAID IN FULL.

This Company, National in its character, offers, by reason of its large capital, low rates of Premium, and New Tables, the most desirable means of insuring life yet presented to the public.

The rates of premium being largely reduced, are made as favorable to the insurers as those of the best Mutual Companies, and avoid all the complications and uncertainties of Notes, Dividends and the misunderstandings which the latter are so apt to cause the Policy-holder.

Several new and attractive tables are now presented, which need only to be understood, to prove acceptable to the public, such as the INCOME-PRODUCING POLICY and RETURN PREMIUM POLICY. In the former, the policy-holder not only secures a life insurance, payable at death, but will receive, if living, after a period of a few years, an ANNUAL INCOME equal to ten per cent. (10 per cent.) of the per of his policy. In the latter the Company agrees to return to the assured the total amount of money he has paid in, in addition to the amount of his policy.

The organization of this Company on the LOW RATE, CASH PLAN, with new features and unequaled security, has evoked the most remarkable opposition from older and rival Companies. By means, fair and unfair, they have sought to injure the new system, and have attacked it with a degree of virulence unknown in the history of Life Insurance.

Not satisfied with the immense sums of money paid Insurers and other journals, to try and check the rapid progress of the National, an unsuccessful motion was made in Congress to repeal its charter, all of which but accelerated its speed for since then the largest policies issued has been to members of Congress, whose opposition has been thus attracted to the unexpanded advantages. In the face of this opposition, the work of the Company has gone steadily forward and it is with no little satisfaction that the GENERAL AGENTS are able to state that the business to date is far in advance of anything hitherto accomplished.

In Six Months 3,000 Policies have Been Issued.

INSURING, IN ROUND NUMBERS,

$10,000,000.

The attention of persons contemplating insuring their lives, or increasing the amount of insurance they already have is called to the special advantages offered by the National Life Insurance Co.

CAUTION! WE desire to warn the dealers in, and consumers of Snuff generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages, and imitate our Trade Marks so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's rappee is "far ahead" of all others being made of the best stock after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff, (High Toast,) or Fine Snuff (Extra Scotch) is desired.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC
CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and convenient arrangement. It can be used on any cooking stove, in any boiler, and on low frame of the arrangements to attach the boiler of every family.

These absurd opinions upon purely philosophical principles, or scientific discoveries were about also the work of the machine.

The hot steam and air, by the action of heat, are driven up through tubes, pouring upon the clothes, and forced through the latter with almost chemical agency, the dashing of the water, from the steam being driven up and down. And therefore it is—needless, as it does not touch or in the slightest degree in rubbing and pressing.

Two times required for cleaning a boiler full of clothes is ordinary to fairly dressed, and nearly three hundred garments or clothing could be boiled through the boiler, thoroughly dissolving and cleansing the dirt WITHOUT LABOR OR RUBBING, A thorough rinsing finishes the process.

In boiling any dirt by heat is a terror and attack to ordinary. Also one of the boiler shall soon be recovered in the saving of Time, AND LABOUR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and opposite so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOUGEE & BROTHER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the state.
